Small capacity buffer tank

BT-HP 30 | 50 | 80 | 100 litre

Small and powerful. Small capacity buffer tanks fit almost everywhere due to their small size. A particular advantage is that installation can be wall-mounted or floor-standing.

BENEFITS

- installation wall-mounted or floorstanding
- full range in one design
- Ensuring the minimum flow rate
- Energy for defrosting
- More efficient DHW heating in summer during cooling
- Longer service life of the heat pump by reducing the cycle time

Pufferspeicher

BT-HP 30 | 50 | 80 | 100 Liter

SPECIFICATIONS:

- ERP B
- 4x 6/4" connections for 30 to 100 L
- Manual venting factory equipped
- Sensor pocket for temperature sensor
