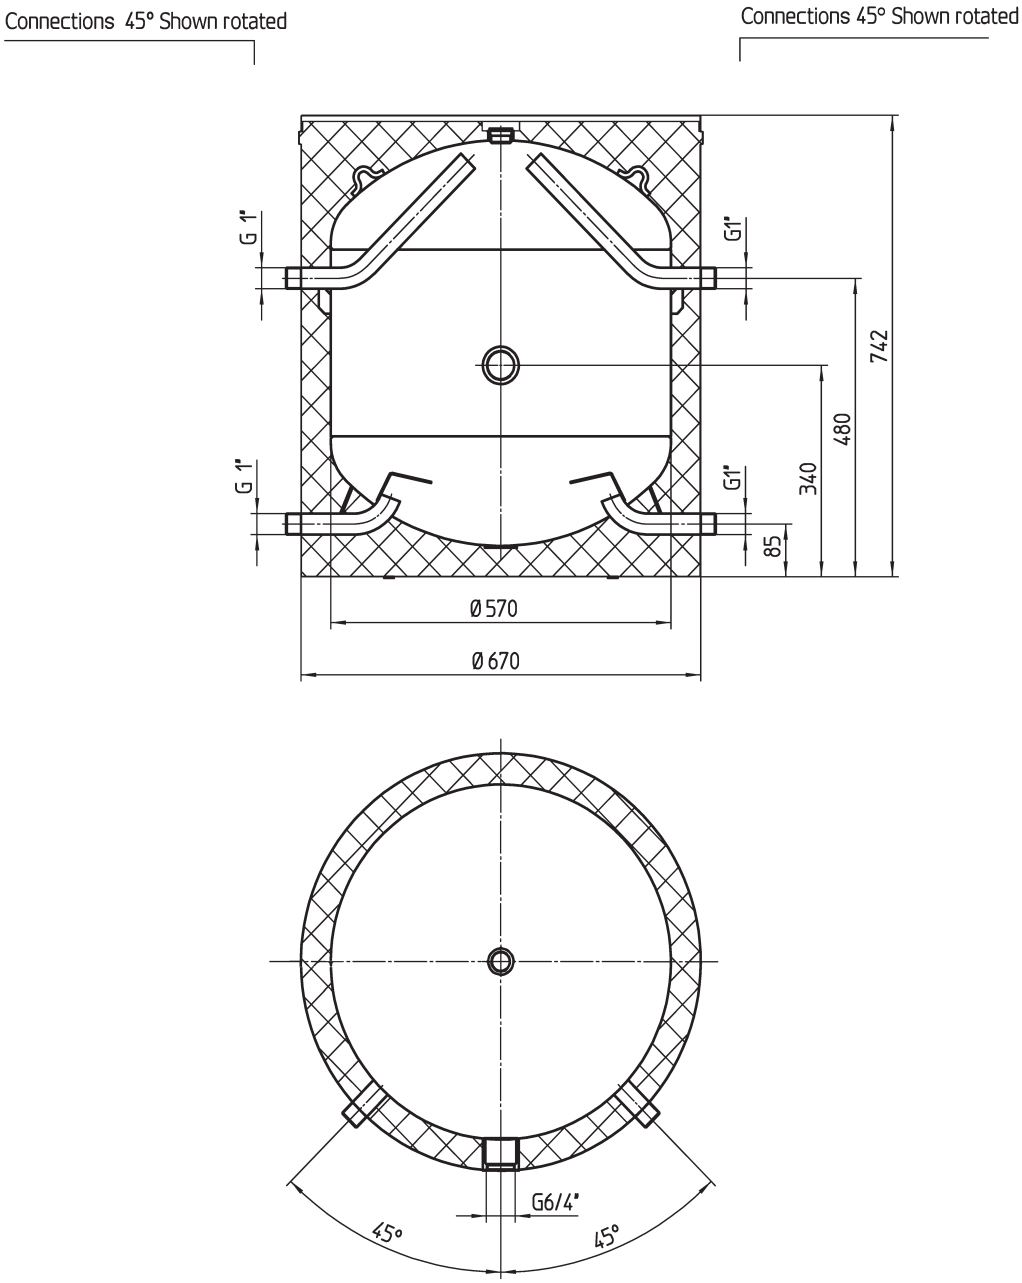
Technical Data

HEAT PUMPS - COLD BUFFER TANKS

Type WPPS 130

Austria Email



Type:	WPPS 130
Energy efficiency class:	B
Standing loss:	50 Watt
Tank volume:	130 Liter

The tanks can be used as cold buffer tanks up to a temperature of minus 5 °C (with antifreeze). All connections to the tank that come into contact with the outside air must in addition be insulated with AMAFLEX insulation to avoid condensation!

Misprints and technical changes reserved.
